Dear Madam:

To whom it may concern I would like you to send me a copy of this letter if possible, for my records. I want my letter to be a part of the record to be given to the Magistrate Judge, and the main Judge Haber.

This has been a hardship on our family. Harold Lee Ceyus's daddy my husband has head & neck cancer and has had it since 2007. We need him here to help with is daddy and maintain our house and land. It would be a grate help to us.

It would be a blessing that he could see his son before he left this walk of life.

We both are 66 years of age and it is hard for us to do a lot. Harold would help us in so many ways. We love him and miss him.

If the alleged victim has Confessed that the alleged crime hasn't even happen with proof. The Circuit Court Judge Swape has admitted. The evidence clearly shows there is no crime. In so many words, and he has admitted the Justice System isn't perfect. As a tax payer I want this situation fix. The system has all the proof of the defendant's innocence.

Now if the system will not fix the matter I will go to the media for help and support from the public.

It would please ~~us~~ to hear
back on this matter as soon as
possible.

Sincerely Yours
Mrs & Mrs. Aley E. Ayres
